This booklet is vital in giving you the childminder information on each child that you are about to care for to help settle them into your home and your daily routine.

The information you ask for helps you to organise toys and activities that the child likes helping them to feel valued and welcome in your home.

The children will love to create their own special booklet all about themselves! This is something that is special to keep as a momento or even to give as a gift to grandparents.

If their able, let the children colour in the pictures and fill in all the information about themselves and their lives.

The childminder can create and add more pages by including family photo's, art projects or days out. These pages can be printed separately according to the age of the children.

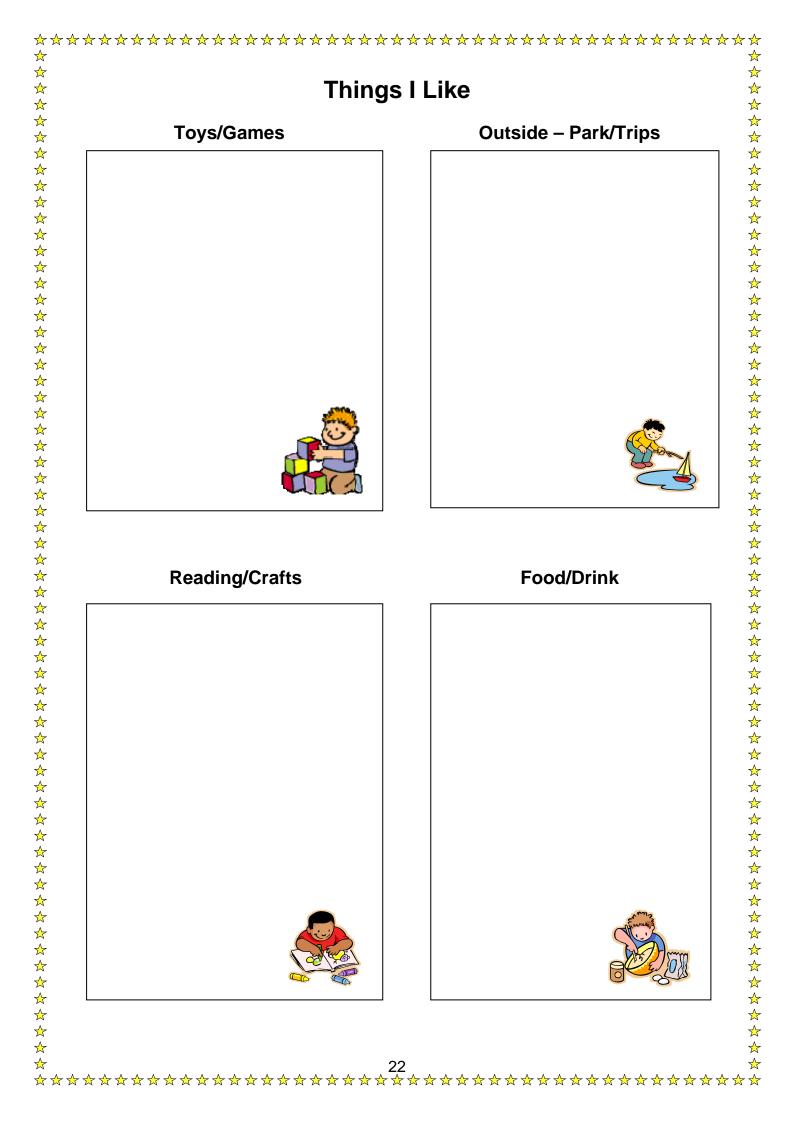

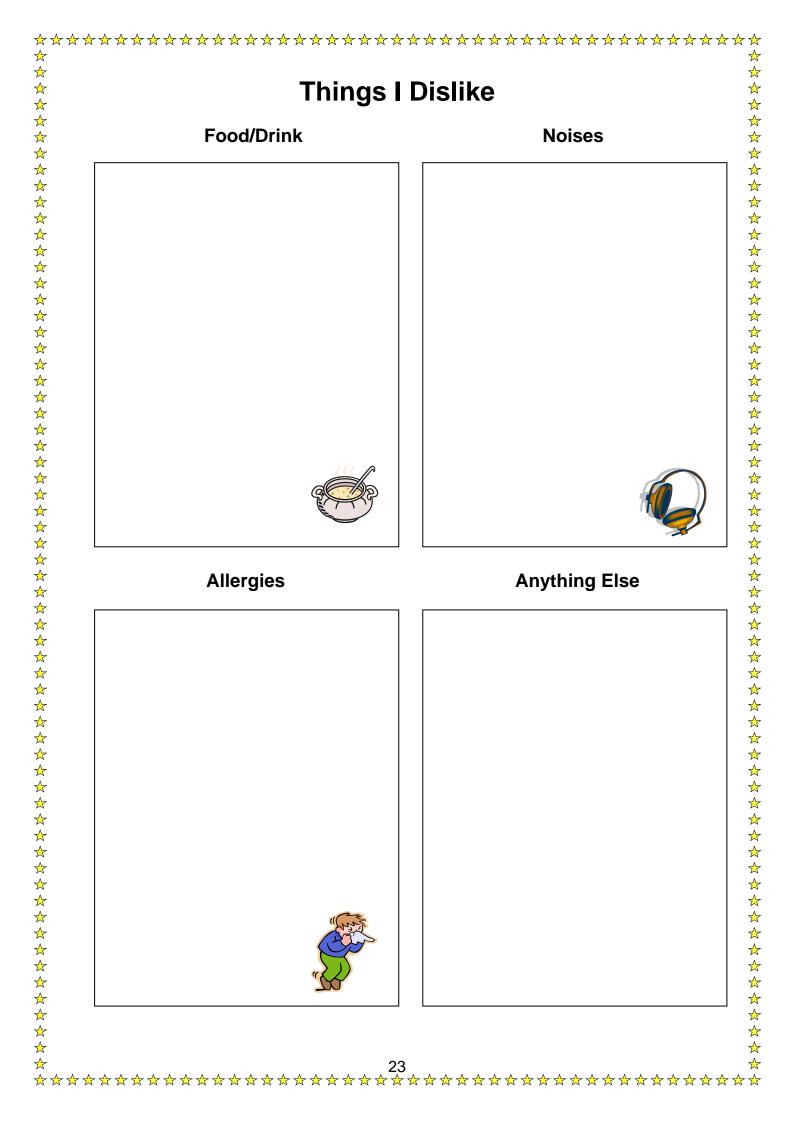

My Mum is called
I call her
My Dad is called
I call him
I have a pet
Named
I have brothers and sisters, there names and ages are
My friends names are
Draw a picture in here
